# Schoology Integration (Mission.io)

Step 1. Login to your Schoology account and go to the **App Center** icon at the top of Schoology. Search for the **Mission.io** app, then select it.

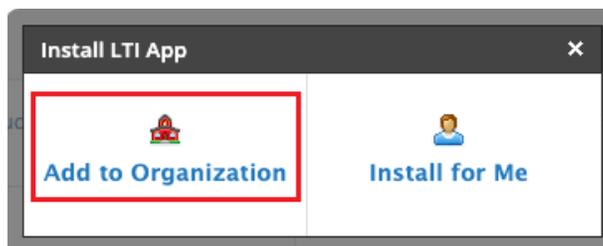

If you cannot find the App Center from your Schoology account then click on the following **link**, which will take you straight to it.
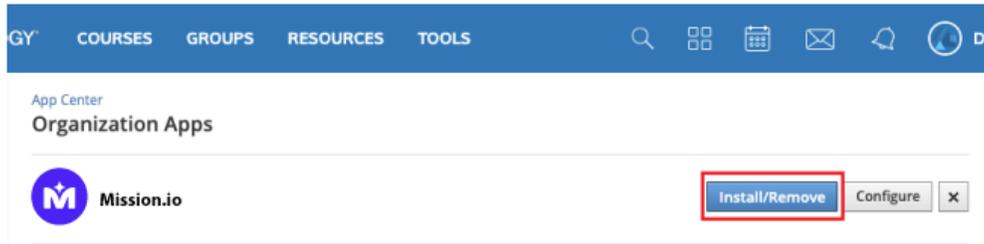

Step 2. Click "**Install LTI 1.3 App**" > Click **I Agree** > **Continue**

Step 3. Select the "**Add to Organization**" option in the pop-up window that appears.

MISSION.io

www.mission.io
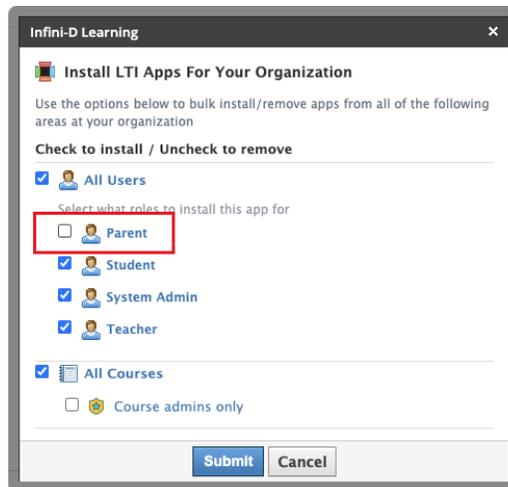

2230 N University Pkwy
#6A, PROVO, UT 84604

Step 4. Once you have added the Infini-D Learning app to your organization, continue the process by selecting Install/Remove.

Step 5. Select where to **install Mission.io**.

Step 6. Make sure to select all users (**except** parents) and all courses, then click **Submit**.

Step 7. After successful installation, go to your **Courses**, and locate Misison.io app at the left side of the course navigation.

You are all set!

If you have any questions about integrations, please contact support@mission.io or send us a chat!
